FAQs

Why do I need to buy a comprehensive TME travel insurance plan?

Traveling is one of life's greatest joys. Seeing new places, meeting new people, sharing new experiences—the joy of travel is why we do it! But as with anything in life, unforeseen hazards can disrupt our best laid plans. To safeguard your finances if trouble arises, TME combines several types of travel insurance (travel, medical and evacuation) into one comprehensive plan. Trip cancellation and trip interruption benefits can reimburse you for your non-refundable, pre-paid trip costs (up to the amount of your plan limits). If your bags are stolen, baggage loss or damage benefits can reimburse you for the loss. Travel medical insurance can reimburse eligible medical costs in the case of a covered medical or dental emergency, and can even provide coverage for costs incurred due to travel or baggage delay, emergency medical evacuation and repatriation, if needed. Additionally, with three coverage levels available, you can easily find a plan that fits your budget and travel needs.

What is Cancel for Any Reason coverage and how do I add it to my TME Elite Plan?

Cancel for Any Reason coverage (CFAR) is an optional upgrade to the TME Elite Plan which provides partial reimbursement if you want to cancel a non-refundable trip for any reason not already covered by the TME Elite Plan. To upgrade your TME Elite Plan with this optional coverage, make sure you add it at the time of purchase. When purchasing the TME Elite Plan with optional CFAR coverage, you must do so within 14 days of your initial trip deposit or payment.

Note: CFAR coverage is not offered in Washington State or New York.

When should I buy trip insurance?

As soon as you start planning your trip, be sure to include "buy trip insurance" to your "To Do" list and call your insurance agent to review your options—the sooner, the better. While you can potentially wait to buy trip insurance up until the day before your departure, you won't be able to take advantage of trip cancellation benefits or add optional Cancel for Any Reason (CFAR) coverage. If you want Cancel For Any Reason coverage, you will need to purchase it within 14 days of your initial trip deposit or payment. Plan ahead to take full advantage of trip insurance!

What else is included with my TME Travel Insurance Plan?

In addition to extensive trip protection benefits, your TME plan includes global assistance services like translation services and medical concierge support. TME has partnered with Assistance Provider On Call International to provide these critical support services. All TME plan holders have at their disposal the following global assistance services:

- Medical Monitoring
- Hotel Arrangements for Convalescence
- Medical and Dental Search and Referral
- Advance of Emergency Medical Expenses
- Assistance with Replacement Medication, Medical Devices, and Eyeglasses or Corrective Lenses
- Transfer of Insurance Information and Medical Records
- Assistance with Emergency Travel Arrangements
- Interpretation/Translation
- Locating Lost or Stolen Items
- Emergency Cash Advance

Is COVID covered under my TME plan?

Infectious diseases, such as COVID, are treated as any other illness and are not excluded from any of our plans. If you test positive for COVID while traveling and are directed by a physician to quarantine, thereby missing your return flight, TME's Trip Delay coverage would kick in. Trip delay coverage can reimburse you for accommodations and food expenses incurred while you wait to be medically cleared to return. The amount eligible for reimbursement is dependent upon the TME plan you choose; check your schedule of benefits for more details.

Where can I use the coverage? Is there any place I can't use it?

You can use TME's travel insurance if your trip takes you more than 150 miles from home. Keep in mind, certain countries or regions may have restrictions or limitations on arranging services. Sometimes, a medical emergency may necessitate a transport to another location, but local restrictions may delay or prevent medical evacuation and plan benefits.

Note: If the US State Department has issued a Level 4 Travel Advisory for your destination country, travel to that area is not advisable and can create undue challenges.
